The University of Arizona is an equal opportunity, affirmative action institution. The University does not discriminate on the basis of race, color, religion, sex, national origin, age, disability, veteran status, sexual orientation, gender identity, or genetic information in its programs and activities. Arizona Cooperative Extension will continue to promote diversity and inclusivity in the entire Arizona Cooperative Extension System (CES). In the CES this includes challenging our leaders, faculty, and staff to fully embrace and highlight their diversity work in their programs and communities, not as a new initiative but as a core part of our normal operating procedures.
